Notified body No. 2265

EU QUALITY MANAGEMENT SYSTEM CERTIFICATE
No. 2026-MDR/QS-039

The Egyptian Italian Company

Plot 410 Industrial Zone, 800 Acres, Badr City - Cairo, 11829, Egypt
SRN No.: EG-MF-000040719
EUCEREP B.V.
Roald Dahllaan 33, 5629MC, Eindhoven, Netherlands

This EU Quality Management System Certificate issued in accordance with the Regulation (EU) 2017/745 of the European Parliament and of the Council on medical devices as amended confirms, that quality management system of medical device:

Surgical Drape
Trade name: ATM Drape
Variants: see Annex I
Intended purpose: see Annex II
MD class Is
(detailed list is stated in the annex(es) if applicable)

meets the requirements on quality management system according to the Chapter I and III of Annex IX of the Regulation (EU) 2017/745 of the European Parliament and of the Council on medical devices as amended.

Conditions for or limitations to the validity of the certificate: **N/A**

For class Is devices, the audit by the NB 2265 of the quality management system was limited to the aspects relating to establishing, securing and maintaining sterile conditions.

Validity of the certificate is conditional upon positive results of regular surveillance audits.

Notified body No. 2265 has performed assessment of the quality management system of the abovementioned medical device and found that it meets the requirements stated above. The outcome of the assessment of the quality management system of the abovementioned medical device is stated in the Audit Report No. SK-0789/26 from 2026-05-10. Information on all examinations and tests performed is stated in the abovementioned report and is available on request.

This **EU Quality Management System Certificate** applies only to the quality management system of the abovementioned medical device. The certificate validity is conditional upon fulfilment of relevant legal requirements by the manufacturer.

Valid from: 2026-06-17
Valid until: 2031-06-17
First issue: 2026-06-17
Revision: **00**
History: **see Annex III**

MEMBER OF MULTILATERAL RECOGNITION ARRANGEMENT IAF

Egyptian Italian Co. has started production and sale of disposable surgical gowns, surgical drape sets, medical dressing and medical Gauze with ATM brand in its own facilities in the beginning of 2007 to convey its experiment, in non-woven sector since 2004, to medical sector.

Egyptian Italian Co., having a well-earned place in all over Egypt with ATM brand by quick delivering all kinds of consumable goods, mostly gauze, nonwoven and gloves, which have been produced and as well imported since its establishment, 2007, has hold a prominent place and been an important brand, especially in the markets of Africa, Middle East and Europe with its export activities.

Egyptian Italian Co., making use of ever developing technologies since the Beginning of 2010, improved its all-machine lines and sterilization devices, and extended its production and stock areas to a total 11.000 SM closed area.

Egyptian Italian Co. is steadily carrying on its activities to hold the prominence to be one of the leading brands in the medical sector with high quality and fair price it has been offering in the market with ATM brand.

Vision:

- To become a leading player in the global medical device industry.

Mission:

- Egyptian Italian Co. aims to be a reference for all companies seeking a reliable partner in the development and production of medical devices.
- Our main investments have always been focused on technological innovation of products and professional growth of our collaborators.
- Integration of know-how and experience within a modern and flexible organization guarantees an adequate solution to each need and requirement.
- The mission of our organization is to offer tailor-made solutions aimed at full satisfaction of our customers.

Quality Policy:

- To make production in the medical sector with the latest technology and provide persistence in production quality and a quality management system.
- To enhance the customer satisfaction by taking any suggestions and complaints into consideration.
- To offer products and services in compliance with current laws and regulations by giving due importance to human health.

Control:

- Documented quality control system in all production phase:
  Incoming inspection.
  In-process inspection.
  Final inspection.
- Quality control plans
- Visual, dimensional, functional, microbial and technical test on products.
- Technical advanced test equipment.
